

INTERNATIONAL FEDERATION
OF AUTOMATIC CONTROL

18th IFAC CONFERENCE on PROGRAMMABLE DEVICES and EMBEDDED SYSTEMS - PDES 2024

Organized by

Department of Control and Instrumentation
Faculty of Electrical Engineering and Communication
Brno University of Technology
Czech Republic

In cooperation with

VSB TECHNICAL
UNIVERSITY
OF OSTRAVA

IBU | International
Burch
University

STU
SLOVAK UNIVERSITY OF
TECHNOLOGY IN BRATISLAVA

 Silesian University
of Technology

Brno, Czech Republic
June 19th - 21th, 2024

<http://pdes-conference.eu>
Email: pdes@pdes-conference.eu

Sponsored by IFAC

IFAC – International Federation of Automatic Control

Main Sponsor Technical Committee

on Computers for Control

Aim and Scope

The conference organized by the Department of Control and Instrumentation of the Faculty of Electrical Engineering and Communication, Brno University of Technology is considered to be a continuation of previous PDES conferences.

The main goal of the conference is to provide a forum to present the latest research results and experiences in the area of the design and application of programmable devices and systems and a forum to discuss the current status and future trends of this particular branch of applied electronics in control and information technology.

Conference Fees

For ALL participants:

- Late Registration Fee 350 € (till June 19th 2024)
- Registration Fee 300 € (till April 30th 2024)
- Early Registration Fee 250 € (till April 1th 2024)
- Early Student Registration Fee 150 € (till April 1th 2024)
- Accompanying person 150 € (till April 30th 2024)

Copyright Conditions

All publication material submitted for presentation at an IFAC-sponsored meeting (Congress, Symposium, Conference, Workshop) must be original and hence cannot be already published, nor can it be under review elsewhere. The authors take responsibility for the material that has been submitted. IFAC-sponsored conferences will abide by the highest standard of ethical behavior in the review process as explained on the Elsevier webpage (<https://www.elsevier.com/authors/journal-authors/policies-and-ethics>), and the authors will abide by the IFAC publication ethics guidelines (<https://www.ifac-control.org/events/organizers-guide/PublicationEthicsGuidelines.pdf/view>).

Accepted papers that have been presented at an IFAC meeting will be published in the proceedings of the event using the open-access **IFAC-PapersOnLine** series hosted

on ScienceDirect (<https://sciencedirect.com/>). To this end, the author(s) must grant exclusive publishing rights to IFAC under a Creative Commons license when they submit the final version of the paper. The copyright belongs to the authors, who have the right to share the paper in the same terms allowed by the end user license, and retain all patent, trademark and other intellectual property rights (including research data).

IFAC License Agreement

Subsequent derivative publication may be based on the already published IFAC conference article, but must in itself satisfy all the requirements of an original contribution to the literature, as prescribed by the journal to which the paper is submitted. A submission which simply constitutes only in minor modifications of the IFAC conference article is a form of self-plagiarism, which is not acceptable. At a minimum, the journal paper must explain the contribution of the conference paper, and describe the distinguishing additional contribution made in the journal paper. All submitted papers will undergo the normal review process of the corresponding journal.

Whenever a derivative journal publication does eventuate then this journal paper must contain an appropriate reference to the already published IFAC-PapersOnLine publication, preferably using the DOI attribute.

Proceedings - Electronic Publications

Proceedings published following an IFAC event are exclusively electronic, and posted on the **IFAC-PapersOnLine** website.

Proceedings from all IFAC conferences are published by IFAC, in cooperation with the IFAC publisher, on the **IFAC-PapersOnLine** site and are citable via an ISSN and a DOI (Digital Object Identifier), a unique industry-standard identifier assigned to every paper.

Other information

All accepted papers will be indexed by **Thomson Reuters** as the conference papers in **Web of Science**. Also, all accepted papers will be indexed by **Scopus**.

Important Dates

- **November 1th, 2023**
Registration and Draft Papers Submissions
- **March 1th, 2024**
Acceptance / Rejection Papers
- **April 30th, 2024**
Camera-ready Papers, Binding Registration
- **June 19th - 21th, 2024**
Conference will be held

Instructions for authors

Instructions for authors are provided to assist authors submitting papers to IFAC meetings. Using information provided below you will be able to prepare your paper in the appropriate form for inclusion in the meeting Proceedings.

National Organizing Committee

Zdenek Bradac (NOC chair)
Vaclav Kaczmarczyk (NOC co-chair)
Michaela Fendrychova, Eaton Elektrotechnika Ltd.
(NOC vice-chair from industry)
Miroslav Jirgl (editor, NOC member)
Ondrej Bastan (NOC member)
Tomas Benesl (NOC member)
Michal Husak (NOC member)
Tomas Sykora (NOC member)
Ondrej Mihalik (NOC member)
Petr Dvorsky (NOC member)

Radek Stohl Czech Republic
Sona Sediva Czech Republic
Darius Andriukaitis Latvia

Conference Topics

1. Industrial Programmable Controllers
2. Industrial PC's and PLC's
3. Field Programmable Logic and High End Design Means
4. Reconfigurability and Programmability in ASICs
5. Embedded Systems
6. Microprocessors and Microcontrollers
7. Signal Processing
8. Reliability and Safety of Elements
9. Circuits and Systems
10. Innovative Hardware/Software Architectures for Control
11. Communication for Control
12. Wireless Signal Processing and Control Systems
13. Systems, Industrial Applications
14. Biomedical systems
15. Control theory
16. Renewable Power
17. Sources, Embedded Systems in the Internet of Things
18. Embedded Systems for Industry 4.0
19. Applications in Control Education
20. Low-cost Educational Resources
21. Control Demonstrations
